Dear Secretary General Mathieu,

I would like to thank you for sending us the EFES - European Federation of Employee Share Ownership's European Parliament elections manifesto. We would like to express our support for your work in advocating for better employee participation and employee share ownership in Europe.

After talking with thousands of people from all EU Member States, who like you have shared their concerns and aspirations with us, we are convinced that we need to open a new chapter in the European Union's history. We need to build a Union which is strong, smart and kind. We need to be ready to take on the challenges and opportunities of building a Europe in which we all feel optimistic about our shared future. It is crucial that Europe comes closer to the people and listens to everyone's concerns. Only together will we be strong enough to build a prosperous and bright future for us all.

You can find more about our 2019 campaign vision [here](#), in our manifesto.

Thank you again for your ideas. Let me assure you that our team will be considering your priorities and suggestions carefully.

Sincerely yours,

Dara Murphy
EPP Vice-President and Campaign Director for the 2019 European Elections
